15.4 Approve 2025-2026 Comprehensive School Safety Plan (CSSP)

Submitted by: Jennifer Kloczko, Superintendent

Background and Summary (Overview):

California Education Code 32280–32289 requires every school district to annually review, update, and approve a Comprehensive School Safety Plan (CSSP). The purpose of the CSSP is to ensure that our schools are prepared to prevent, respond to, and recover from emergencies while maintaining a safe and supportive learning environment for all students and staff.

The 2025–2026 Comprehensive School Safety Plan has been reviewed and updated to reflect current protocols, updated emergency response procedures, communication systems, and site-specific safety improvements. The plan aligns with the National Incident Command System (ICS), incorporates guidance from local law enforcement and emergency responders, and reflects input gathered through stakeholder consultation, including the GOUSD Task Force.

Updates this year include refinements to emergency response procedures, communication protocols, coordination with law enforcement partners, and clarification of roles and responsibilities during incidents. The confidential tactical response section, as required by law, is maintained separately and is not included in materials for public distribution.

The plan supports both Gold Oak Elementary School and Pleasant Valley Middle School and is available for public review in accordance with state requirements, with confidential sections redacted as appropriate.

Fiscal Impact:

There is no direct fiscal impact associated with approval of the Comprehensive School Safety Plan. Ongoing safety improvements and infrastructure updates are addressed through separate budget actions as needed.
